

PN# MOUNTKIT-SINGLE

USED TO INSTALL PREVENT® EQUIPMENT PROTECTION FILTER WITH GROMMETS OR HAIL GUARD NETTING

KIT CONTAINS:

(12) SINGLE HEIGHT PLASTIC MOUNTS

(24) STAINLESS STEEL #6-3/4" SELF TAPPING SCREWS

FITS 3/8" I.D. GROMMETS

PN# MOUNTKIT-DOUBLE

USED TO INSTALL PREVENT® EQUIPMENT PROTECTION FILTER WITH GROMMETS OVER HAIL GUARD NETTING

KIT CONTAINS:

(12) DOUBLE HEIGHT PLASTIC MOUNTS

(24) STAINLESS STEEL #6-3/4" SELF TAPPING SCREWS

FITS 3/8" I.D. GROMMETS

INSTALLATION INSTRUCTIONS

1. Holding filter in place on metal enclosure, mark grommet placements.
2. Center plastic mount clip vertically on each grommet mark and mark screw placements for each clip.
3. Pre-start each self-tapping screw hole with a punch for easy installation.
4. Attach each clip with 2 zip screws – moveable tab should be able to lock in downward position.
5. Install filter with grommet onto the clip's moveable tab outward position.
6. If applicable, Hail Guard is installed by pressing netting firmly onto upright clip tab. Filter with grommet is placed on upright clip tab. Close tab downward, locking in place. Tab opens & closes for easy filter cleaning removal.

MOUNT USING (2) #6-3/4" SELF TAPPING SCREWS

PRESS NETTING FIRMLY ONTO OPEN CLIP

MOVEABLE TAB FACES DOWNWARD TO LOCK
