

## DISPOSABLE FAN SHROUD FILTER

### MODEL

Model # FANSHROUD

Model # FANSHROUD HD

### FEATURES

Bonnet style fan shrouds with elastic edging is available for the back side of any sized round fan guard to keep dust from being drawn in and recirculated through a facility as the fan blows. The filter opens and closes with hook closure, finished with an outer elastic edge and a center cut-out for easy installation. Fits snug around motor encasement.

Disposable nonwoven polyester media is available in white (non-tack) or blue (tack added) media. Filter attracts and holds the particles until it is easily changed out and disposed of.

**DRY TYPE NON-WOVEN  
POLYESTER**

**TACK TYPE HEAVY  
DUTY NON-WOVEN  
POLYESTER**

When measuring for the fit of a bonnet, fan guard or fan shroud, measure up and over the front half of the grill.
