

Allows Fresh Air to Enter Your Home!

Cool, clean air is what you can expect from your air conditioning unit with the addition of Permatron's easy to install, cut-to-fit air conditioning air filters. PermaCool is a unique washable 1/4" thick corrugated polypropylene filtration media whose electrostatic charge assists in removing dust, lint, pollen and other irritating pollutants from the air in your environment. This polypropylene media will not degrade over time as foam does and comes with a lifetime warranty.

PermaCool features a dense, 3-dimensional waffle weave configuration that enhances its filtration abilities and creates a rigid and durable electrostatic air filters for air conditioning units with the convenience of a cut-to-fit solution for easy installation. Unlike other media which may compress and restrict air flow, PermaCool retains its low resistance design after installation.

LIFETIME WARRANTY

Permatron takes pride in the quality and workmanship of our products. All are built to give years of trouble-free service. Any filter found to be defective in workmanship or materials, when returned to Permatron shipping charges prepaid, will be repaired without charge. The warranty period begins from the date of purchase and does not cover damage caused by excessive heat, disassembly, rough handling or improper installation. DO NOT take the unit apart for cleaning, as this is unnecessary. With proper care and regular cleaning, your Permatron filter should last many years. Permatron Corporation makes no medical or health claims other than that the filter will effectively remove particles from the air. 1-800-882-8012

PERMA|COOL®
